EFFECTIVE FROM ACADEMIC YEAR 2021-22

PROGRAM SUMMARY

Course Vision

Interior Design is a journey of creativity and aesthetics.

In the present scenario, employment and entrepreneurship is of utmost importance. In a developing country such as India, it is very important to channelize the youth in the right direction of education. Education should be such which leads to the path of knowledge as well as skills. So that they can utilize the same and add to the development of the country and also sustain themselves financially and lead a quality life.

Interior Design is one of the professions which provide tremendous entrepreneurial opportunities and employment. Interior design deals with the aesthetics of the built environment as well as the surroundings. It is also associated with the wellness of the occupants and effective learning and enforces an efficient work environment.

A well-designed space incorporates various elements of interiors such as space planning, color scheme, daylight factor, artificial light effects, natural ventilation, air-conditioning, greenspaces and placement & display of various accessories etc.

In the three years of program me of diploma students will be able to study various technical as well as aesthetic aspects of interior design which will give them confidence to work in the field as an interior designer, Display designer, furniture designer, product designer, accessories designers, visual merchandiser design with interior designers, architects, builders, in private sector.

It also facilitates them for employment in Govt. sectors such as CSIR, Cottage Emporium, NBCC, etc.

Students can be good academicians in Govt. & private institutes across the country after gaining adequate work experience.
