DEPARTMENT *of* BANKING, FINANCIAL SERVICES & INSURANCE

Guest Lecture on Retail Banking

A guest lecture on introduction to Retail Banking was organized on 6th October 2022 by the department of Banking, Financial Services, and Insurance. The informational session was delivered by **Mr. Mohit Bhardwaj** (Deputy Vice-president & Senior Learning Consultant). Mr. Mohit is an experienced corporate expert with over 23 years of experience in Learning, Customer Services, and Sales. The lecture was focused on the history of banking, the Indian Financial System, its working principles, and how it is connected with each sector of the economy. The later session was also focused on RBI, bank ethics, KYC norms, and the roles and responsibilities of a banker.

Guest Lecture on Form Filing - KYC, Re-KYC & Bank Account Opening

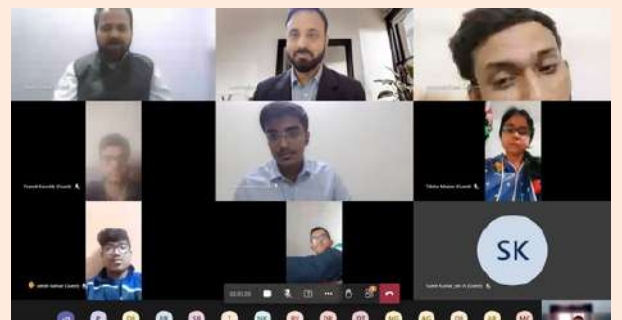

On 13th October 2022, The department of Banking, Financial Services, and Insurance organized an astounding lecture by **Mr. Sumit Batham** (Learning Facilitator- HDFC Bank). With more than 20 Years of enormous experience in the Financial Industry - Broking & Banking Industry, he has worked as a zonal sales manager at HDFC Securities to a senior manager at HDFC Bank. The lecture emphasized deep learning of KYC and form filling, in addition to this the lecture was also focused on money laundering, CPV, FATCA, & money mule accounts. Students were also provided with the HDFC bank account opening form and were explained the details of the application form with the relevance of each column.

Guest Lecture on Cash Operations & Bank Deposits

On 29th November 2022, The department of Banking, Financial Services, and Insurance organized an online informational session by **Mr. Sumit Batham** (Learning Facilitator-HDFC Bank). With more than 20 Years of enormous experience in the Financial Industry - Broking & Banking Industry, he has worked as a zonal sales manager at HDFC Securities to a senior manager at HDFC Bank.

The session emphasized on detailing of cash operations including a description of opening cash, closing cash, mutilated notes, and why the teller counter is called as O error counter. In later session bank deposits like FD and RD were also discussed.

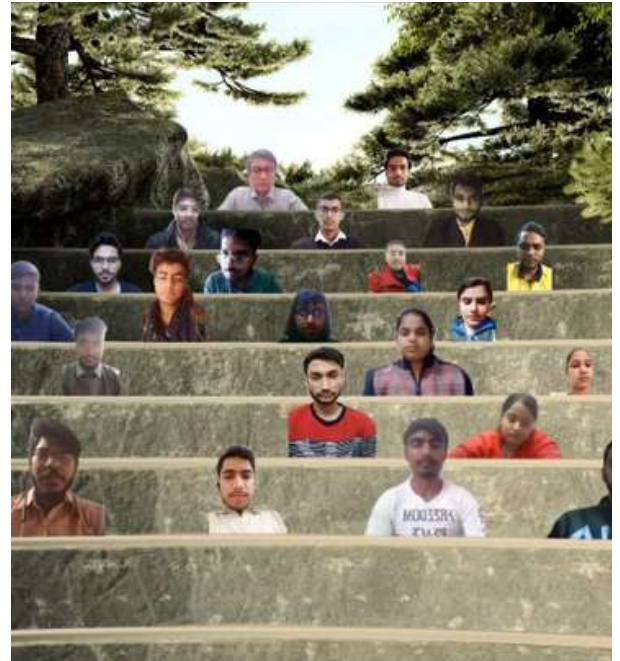

Guest Lecture on Life Insurance

On 05th December 2022, the Department of Banking, Financial Services, and Insurance organized an online informational session by **Mr. Faraz Zaidi** (Manager, HDFC Life Insurance Company). With more than 10 Years of enormous experience in the Financial Industry - with a specialization in Banking & Insurance industry, he has also worked with the ICICI Bank. Mr. Faraz Zaidi dived deep into the concept of Life Insurance and vividly explained the various types of Life Insurance prevailing in the country. He threw light upon the importance of taking Life Insurance and how it acts as a protective raincoat for families after the death of an insured person. He mentioned how the people of India have not realized the importance of Life Insurance yet and there is a major scope of penetration in the Life Insurance market in India.

Guest Lecture on General Insurance

An online guest lecture on General Insurance was organized on 7th December 2022 by the department of Banking, Financial Services, and Insurance. The informational lecture was delivered by **Mr. Lalit Mohan** (Senior Manager, HDFC Ergo). Mr. Lalit Mohan has 18+ years of experience in Training delivery, majoring in the General Insurance sector. The lecture was focused on insurance application, insurance penetration, various distribution channel and general awareness. The latter session was also focused on the contribution of the insurance sector to our economy and GDP.

Visit to Neela-Hauz Biodiversity Park

On 17th October 2022 the Department of Banking, Financial Services, & Insurance organized a field visit to Neela-Hauz Biodiversity Park. The purpose of the visit was to show students a natural aquatic ecosystem and how a natural water body could serve as a natural water purifier. Students observed the polluted water of the Yamuna River getting naturally purified through oxidation.

Besides this, the students witnessed the diversity of plants, animals, & other natural surroundings.

DEPARTMENT *of* COMPUTERS

Guest Lecture on Future Growth in IT

A guest lecture on Future Growth in IT was organized on 18th October 2022 by the department of Computer. The informational session was delivered by Mr. Prateek Rao (Zyango EV Mobility Pvt. Ltd.). Mr. Prateek is presently working as a delivery partner. The session was focused on the motive behind using EV Vehicles, its features, and the booming EV industry.

In the later session, the connection of IT with EV technology was also discussed. Mr. Prateek gave his insights that the EV sector is still an unexplored sector and one can identify ample opportunities out of it.

Guest Lecture on Career Guidance in IT Sector

On 20th October 22, The Department of Computer organized an informational session by Ms. Vanya Goel (Founder of GieDe Global & CEO of Appsierra). The lecture started by emphasizing the importance of setting goals, objectives & later on, the importance of internships and the platforms providing internships were also discussed, and students were explained how internships perform as a practical application for each student. Ms. Vanya also shared her experience in the IT sector.

Guest Lecture on Career Advancements In IT Sector

A guest lecture on career advancement in the IT sector was organized on 7th October 2022 by the Computer Department. The astounding session was delivered by Mr. Amit Kataria (Hanu Software). Hanu software is a cloud based technology. Mr. Amit has completed his Physics (Hons.), MCA, & MBA,

presently he is doing Phd in human resource management. The session emphasized on the trending technologies, its usage, & modern applicability. Mr. Amit also gave his insights on the journey of coding, panel interview, & his own experience in the IT sector.

Guest Lecture on Operating System

An online guest lecture on Operating Systems was organized on 11th November 2022 by the Computer Department. The astounding session was delivered by Mr. Jaydeep Sarkar (IBM-certified Senior IT Architect and Open Group certified Master-certified Architect). The lecture emphasized the introduction to operating systems, layering of operating systems, components

of OS, services of OS, threads, and process scheduling queues. Mr. Jaydeep also threw some light on the deadlock, physical and logical memory management, swapping, paging, and segmentation.

What is process in Operating systems

A process is a program in execution

- During execution the program gets loaded into the memory
- It can be divided into four sections – stack, heap, text and data.

Process Control Block (PCB)

A structure that holds following information

- Process state
- Process privilege
- Process id
- Program counter
- CPU registers
- CPU scheduling information
- Memory management information
- I/O status information

Process Life cycle

Visit to 5G launch event at India Mobile Congress

The students of the computer department attended the 5G Launch Event at India Mobile Congress 2022 (IMC 2022), Pragati Maidan, New Delhi held on October 3, 2022. It was a four-day event where leading telecom companies such as Reliance Jio, Bharti Airtel, etc. showcased their technologies and talked about various use cases of 5G technology. The event also focused on e-gaming where Jio Games and JioTrue5G organized eSports tournaments to demonstrate the ease of gaming with the upcoming 5G technology.

Hands on training

On 14th October 22, The Department of Computer organized an online informational session. The session was delivered by Mr. Milan Malla (CEO, STL). The lecture emphasized on the importance of learning HTML, WEB SERVICES, and JAVA. Mr. Malla also discussed how one can create a million-dollar company when he/she thinks from the perspective of the customer. The students also got the opportunity to visit STL Lab situated in the DSEU Dwarka campus only. The students also learned various other things such as backend developing, designing, testing after delivery, and ERP Maintenance.

DEPARTMENT *of* FACILITIES & HYGIENE MANAGEMENT

Session on Engineering in Facility Management

In continuation with the ongoing DSEU-ISS lecture series organized in collaboration with our industry partner, ISS-India, the first physical mode training for the faculty members of Facilities & Hygiene Management department was organized on 11 November 2022. The said session was on the topic Engineering in FM, and the introductory session was led by ISS Team member, **Mr. Rajeev Sharma, Technical Trainer, ISS-India**. Plenty of questions and facts were discussed about safe work environment, technical services, safety, & hazards.

Session on future plans and visit to DSEU-ISS SKILLS Lab

A guest lecture on future plans was organized on 04th November 2022 by the Facilities and Hygiene Management Department. The astounding session was delivered by **Ms. Khushbu A. Sahay (Senior Manager Marketing)**. The session was about the importance of planning and how one can achieve his/her goals with proper plans and goals. The latter session focused on how one can be a successful facility manager. The visit to the DSEU-ISS SKILLS Lab was also the agenda of the said session and students gave a tour of the lab to the esteemed visitor.

Visit to Yamuna Biodiversity Park

On 17th November 2022 the Department of Facilities and Hygiene management organized a field visit to Yamuna Biodiversity Park. The purpose of the visit was to create awareness amongst the students about natural restoration of a degraded ecosystem, how the native flora-fauna exists in nature and supports the environment, how the degraded environment of the area was restored through scientific and ecological inputs and efforts, like estimation of the soil profile, studying the physicochemical

parameters and nutrient levels, plantation of native seedlings, landscaping by creating mounds etc. The students also learnt about the different types of native plant species, their uses, different kinds of fauna, their habitats etc

Green Campus: For the Better World.

Under the aegis of G20 and India's Presidency "Vasudhaiva Kutumbakam" or "One Earth · One Family · One Future" Students of FHM gifted Indoor Plants to the faculties of Campus. The plant was tied with a small information card. The students made their planters by using waste material from their homes or nearby surroundings. This activity provided the students with a golden chance of honing their presentation and creative skills.
